

## Price list

### Metabolomics Jagiellonian Centre for Experimental Therapeutics (JCET)

Untargeted metabolomics <sup>1</sup>			
Metabolite Profiling	Jagiellonian University		External
	price A <sup>2</sup>	price B <sup>3</sup>	
RPLC ESI+ or ESI-	243	303	361
RPLC both ionization mode	354	442	526
Hilic ESI+ or ESI-	266	332	395
Hilic both ionization mode	377	470	560

<sup>1</sup> Sample price is presented for analysis with 20 samples (price for less than 20 samples is calculated individual)

<sup>2</sup> Source of payment from which indirect costs have already been discharged (e.g. NCN project)

<sup>3</sup> Source of payment from which indirect costs have not been discharged (e.g. unit funds)

All prices are in PLN. For external users, 23% of VAT will be added to the final price.

In order to estimate the total price for a metabolomics experiment, please contact us: [pam@jcet.eu](mailto:pam@jcet.eu)
